

The School of Mathematical Sciences First Year Mathematics Prize

PRIZE RULES

Establishment

This prize has been established by the School of Mathematical Sciences to recognise academic achievement by first year students in the School of Mathematical Sciences.

Value and Payment

The value of the Prize will be \$250.00 per year, until otherwise determined by the School of Mathematical Sciences.

The prize is paid as a result of funds made available by the School of Mathematical Sciences. The capital for the prize is held in perpetuity resulting in the minimum annual prize distribution paid from a composite fund.

Eligibility

The prize will be awarded annually by the University to a student who meets the following criteria.

- a) The student is enrolled in the Bachelor of Mathematical and Computer Sciences or the Bachelor of Mathematical Sciences or the Bachelor of Mathematical Sciences (Advanced) or a double degree with a Bachelor of Mathematical and Computer Sciences component.
- b) The student has completed the course MATHS 1012 Mathematics IB in the year for which the prize is awarded.

Selection of Candidate

The Head of the School of Mathematical Sciences will award the prize to the eligible student with the highest average mark in MATHS 1011 Mathematics IA and MATHS 1012 Mathematics IB.

If there is no candidate of sufficient merit in a given year then the prize will not be awarded in that year.

If there is more than one candidate of equal merit, then the prize shall be shared equally.

Variations

The University may vary the rules from time to time in a manner consistent with the original objectives of the prize.
