
The E. V. Clark Prize in Electrical and Electronic Engineering PRIZE RULES

Establishment

This Prize was originally established in 1953 by Mrs M G Clark in memory of her husband Edward Vincent Clark BSc, who was a lecturer in Electrical Engineering at the University from 1910 to 1943. The School of Electrical and Electronic Engineering has decided to continue the prize in honor of Mr E V Clark.

The engraved medal is provided as a result of funds made available by the School of Electrical and Electronic Engineering.

Value

The prize will be acknowledged with an engraved medal, or such other item as the University shall from time to time determine.

Eligibility

The prize will be awarded by the University annually and is open to students undertaking the Level II course ELEC ENG 2008 Electronics.

Selection of Candidate

The Head of the School of Electrical and Electronic Engineering or nominee will award the prize to the student with the best performance in the above course.

If there is no candidate of sufficient merit in a given year then the prize will not be awarded in that year.

If there is more than one candidate of equal merit, then each recipient will receive an engraved medal.

Variations

The University may vary the rules from time to time by agreement of the School of Electrical and Electronic Engineering in a manner consistent with the original objectives of the prize.

Approved by Deputy Vice Chancellor & Vice President (Academic) 23 March 2016

Approved by Head of School
