
The Robin Memorial Prize

PRIZE RULES

Establishment

This Prize has been established by the School of Civil, Environmental and Mining Engineering (CEME) in memory of the late Professor Rowland Cuthbert Robin.

Professor Robin served the University of Adelaide for almost 21 years as a Professor of Civil Engineering. His work reached international reputation and his leadership in the profession was recognised by the Institution of Engineering Australia. His work in connection with the extension of the Engineering School to meet wartime and post wartime demands and the establishment of new Engineering Laboratories, helped greatly to bring them to their present high standard.

Value

The value of the Prize will be \$500.00 per year and an engraved medal, which will be funded by the School of Civil, Environmental and Mining Engineering.

Eligibility

The prize will be awarded annually by the University to eligible students enrolled in the following level IV courses:

C&ENVENG 4222 A/B Research Project A & B

Selection of Candidate

The Head of School of Civil, Environmental and Mining Engineering or nominee will award the prize to the student who obtains the best overall result in the course C&ENVENG Research Project Part B.

If in any year, two or more students obtain equal top marks for the above course, the prize will be awarded to the student who obtains the highest overall mark for the oral presentation in the course.

If there is more than one candidate of equal merit, then the prize may be shared equally.

Variations

The University may vary the rules from time to time in a manner consistent with the University's legal obligations and policies.

Rules approved by Deputy Vice Chancellor & Vice President (Academic) 4 November 2016
