#Students who have not passed SACE Stage 2 Specialist Maths are required to enrol in MATHS 1013 Mathematics IM as a prerequisite to enrolling in MATHS 1011 Mathematics IA. The satisfactory completion of MATHS 1013 Mathematics IM is in addition to the normal requirements of this program. Students may manage their enrolment by enrolling in MATHS 1013 Mathematics IM in semester I, followed by MATHS 1011 Mathematics IA in semester 2, and MATHS 1012 Mathematics IB in summer school.

22/10/15 Administrative note only: Students will achieve a double major in Geology and Geophysics and Applied Geology but will not be recognised on the parchment at this stage due to set up as a combined degree that requires only one sub plan – in this case the sub plan recognised will be Petroleum.
