

The ASP Third Year HCMUT Student Prize

Establishment

This Prize has been established by the Australian School of Petroleum to recognise high achieving students who are undertaking their degree in petroleum engineering as part of the articulation agreement between Ho Chi Minh City University of Technology (HCMUT) and the Australian School of Petroleum.

In support of the prize the Australian School of Petroleum shall provide an annual amount ~~equivalent to of \$1,000.00 (GST free) from internally sourced funds.~~

Value

The value of the Prize will be \$1,000.00 per ~~year for 5 years (from when to when?)~~ until otherwise determined by the University.

Eligibility

The prize will be awarded annually by the University to HCMUT students enrolled in the third year of their Bachelor of Engineering (Honours) (Petroleum) degree at the Australian School of Petroleum.

In order for this prize to be awarded, a minimum of ten actively enrolled HCMUT students across 3rd and 4th year is required.

Selection of Candidate

The ~~Head of the~~ Australian School of Petroleum (or nominee) will award the prize to the 3rd year HCMUT student who has completed all courses required for level 3 of the program and has placed highest in order of academic merit for courses presented towards the third year of the program.

If there is no candidate of sufficient merit in a given year then the prize will not be awarded in that year and the money will be used in subsequent years.

If there is more than one candidate of equal merit, then the prize shall be shared equally.

Variations

The University may vary the rules from time to time in a manner consistent with the original objectives of the prize.
