Links and Further Information

- The Undergraduate certificate may also be studied part time, in this case we would recommend taking two courses in semester 1 and two courses in semester 2.
- Commonwealth Support for the Undergraduate Certificates is only available to domestic students in 2021 as part of the Australian Government's Job Ready Graduates package. On current advice, you must also complete the qualification by 31 December 2021. Students can look to continue further studies into a Bachelor degree with credit.
